OGC Has Reviewed

Memorandum for: Special Assistant to Chief, Medical Staff**Subject : Medical Report -** [redacted]

25X1A

25X1A 1. Review of the subject correspondence forwarded to this office, and returned herewith, indicates that the report in question was forwarded to this Agency by St. Elizabeth's Hospital at the request of [redacted] ostensibly as a matter pertaining to her then contemplated employment with this Agency. In consequence, as far as [redacted] is concerned, the report (technically) has become a matter of official record with this Agency. There is no obligation to return it to St. Elizabeth's at her request.

25X1A 2. Were the return of the report determined to be desirable from a public relations point of view, informal coordination with the records branch of St. Elizabeth's would appear to be desirable in advance, to prepare them for a possible series of correspondence with [redacted] relating to the fact of our return of the report.
